MEMORANDUM NO. 2007-028

TO: School District Superintendents

FROM: Brian Wright, Consolidated Grant Manager/State Title I Programs Manager
Federal Programs Unit *BW*

DATE: January 26, 2007

SUBJECT: TransACT Parent Notification Program

IMPORTANT INFORMATION

The TransACT Parent Notification document collections service will expire at the end of February, 2007. TransACT provides online libraries of legally-reviewed notices, forms and guidance, each designed to make parent communication consistent, accurate and affordable for districts of all sizes. This service was provided to all 48 school districts in Wyoming by the WDE and funded with federal program budgets. The WDE is not renewing the contract with TransACT to provide these services. Because this service was for all Wyoming school districts, **districts will still have access to TransACT until the end of February and will still have the ability to review and download documents.** The key factor for the decision is that with the likely changes in NCLB from the upcoming reauthorization, WDE will wait to see the results of the reauthorization. The current documents will still be usable until reauthorization. After reauthorization, we will revisit purchasing this for all of the districts. If your district wishes to continue with TransACT after February, your district will have to incur the cost of the service.

Thanks for your time if you have any questions or comments, please feel free to contact me.
