MEMORANDUM NO. 2007 - 144

TO: School District Superintendents

FROM: Jim McBride, Ed.D. 

DATE: August 24, 2007

SUBJECT: Statewide School Safety Workshop Session

IMPORTANT INFORMATION—PLEASE READ

The fall 2007 School Improvement Conference will host the first Wyoming School Safety Workshop as a conference session on Monday, September 24, 2007, from 1:15 to 4:45 p.m. at the Parkway Plaza in Casper. The session will be held in the Shoshoni Room. To attend, you must register for the School Improvement Conference by logging onto www.k12.wy.us and clicking “online registration” under the New Information heading.

There will be a three-member panel involved. The members will give brief presentations focused on crisis management best practices as requested by the FBI, a law enforcement perspective on bullying and the impact it is having in our communities, and the importance of coordination between districts and emergency county coordinators. Question and answer sessions and open forums will follow.

This conference session will offer attendees the opportunity to discuss what school safety approaches and practices have and have not worked. It will be an opportunity to exchange information, tips, techniques, strategies and new technology/practices relating to both the presentation topics and other topics brought to the table.

The seating capacity of the Shoshoni Room is 30; participation will be on a first-come, first-serve basis.

Thank you for the work you do to keep schools safe.
