Information to Share

“The Education Laws of Wyoming Annotated” is published each year by LexisNexis. This publication includes all updated statutes relating to state education law, as well as open meetings, public records statutes, relevant civil procedure and other laws. The 2007 edition is now available for purchase.

The Wyoming education statutes are also maintained by the Legislative Service Office on their website, Title 21. While it takes some time for the book publisher to provide a hard copy, the website is updated shortly after the legislative session.

Districts may purchase their own copies of the LexisNexis publication by contacting that organization:

- Via toll free telephone 800.562.2297
- On line at www.lexisnexis.com/bookstore

We have received a number of inquiries as to the availability of the education code, both on line and in hard copy formats.

Please feel free to contact me if you have any questions at mhill@educ.state.wy.us or 307.777.7720.
