It is a local school district decision whether to pay the gross or net amount. The Department will reimburse the district exactly \$4,000.00, on or before February 15, 2010.

The WDE112 is due on or before January 4, 2010. Please read the instructions regarding each data element and fill the form out completely. In the event no certification number has been issued because a teacher was newly certified, please leave the certificate number and certificate expiration date blank on the WDE112. Mail or fax the newly certified teacher's eligibility letter from the National Board for Professional Teaching Standards (NBPTS) to my attention as soon as possible. Also, if a teacher has been previously certified in another state or school district, please have the teacher update their profile on the NBPTS's website (<http://www.nbpts.org/>) to reflect their current information so both the Department and the NBPTS have the most current information. Finally, the authorized district contact person should upload the completed form to the Department.
