### REQUEST FOR FEEDBACK

The Wyoming Department of Education (WDE) has created a short online survey to enable educators to submit their feedback regarding the English Language Arts and Mathematics Common Core State Standards and their potential impact on K-12 education in Wyoming. It is important that all Wyoming educators have an opportunity to provide input on the proposed standards. Please forward the survey link to all community stakeholders.

The WDE will compile the results of the survey and provide this information to the Language Arts (LA) and Mathematics (MA) Content Committees, and the State Board of Education for consideration.

Educators can access the survey at:

The survey will remain active until April 30, 2010. Thank you for encouraging educator participation in this important survey.
