MEMORANDUM NO. 2011-061

TO: School District Superintendents
School Principals

FROM: Bruce Hayes, School Safety Consultant
ICS/HSN Division 

DATE: May 2, 2011

SUBJECT: E-Waste Disposal

E-WASTE DISPOSAL

There is a temporary window of time that schools and districts can dispose of their E-Waste and steel items such as shelves and cabinets at minimal cost. E-Waste is defined as CPUs, monitors, laptops, combination computer monitors, TVs, microwave ovens, etc.

1. There is no cost for the pickup or disposal of steel shelves and cabinets.
2. There is no limit to the number of computers and steel items that can be picked up.
3. There is, however, a cost of \$4.50 for each E-Waste unit. **This cost applies only if the material arrives at the Cheyenne processing facility on or before Thursday, June 30, 2011** (except for Laramie County School District #1 which has a separate long-term contract). After that date, the cost is \$35.00 per unit.

If you are interested, please call Jeff Stumpf at 307-632-0054 to let him know how much material your district or school has so that he can establish efficient pickup routes.

All the E-Waste and steel items must be located so that a crew can load the material easily into a semi-truck. If you have any questions, please feel free to call me at 307-777-6198 or email me at bhayes1@educ.state.wy.us.
