MEMORANDUM NO. 2012-099

TO: School District Superintendents
School Principals
Curriculum Directors
Teachers

FROM: Sheryl Lain, Instructional Leader
Wyoming Department of Education

DATE: June 5, 2012

SUBJECT: **Open Enrollment** for *WY Figures: New Math Standards Workshops*

TIME SENSITIVE INFORMATION

In accordance with the Wyoming Department of Education's learning focus on literacy and numeracy, the WDE, as part of the new partnership with REL, is developing and deploying training called: *WY Figures: New Math Standards*.

The WDE will sponsor open enrollment for all educators at regional workshops on the new math standards beginning Monday, June 18. Pia Hansen, a Wyoming educator and math consultant, will join with a Wyoming team of expert mathematics teachers who will work with district leaders, curriculum specialists and teachers to facilitate full understanding of the new standards. The workshops are designed to offer practical solutions for implementation, while differentiating for districts' stages in the alignment process.

The workshops are layered; therefore, interested parties will begin with Module 1 and progress through Module 3. Each module is comprised of two consecutive, all-day sessions, for a total of six days of professional development. This training is supplemental to district-level work with no additional costs to the districts, and no long-term commitment.

To register, contact: Sara at schnells26@gmail.com. Please include your name, school, grade level, and phone number. For general questions, contact Pia Hansen: phpmath@gmail.com or 307-421-7879.

The schedule is attached.
