MEMORANDUM NO. 2017-042

TO: School District Superintendents
Curriculum Directors
High School Principals
STEM-Related High School Teachers

FROM: Lisa Weigel, Chief Policy Officer

DATE: March 27, 2017

SUBJECT: Wyoming Army National Guard Survey Request

WYOMING ARMY NATIONAL GUARD SURVEY FOR HIGH SCHOOL STEM EXPERIENCE

The Wyoming Army National Guard (WYARNG) is currently building a “STEM Experience” trailer. This trailer will host STEM equipment and be available to all Wyoming high school educators and students for use in classrooms. WYARNG will travel to your school, and provide all of the equipment, along with the STEM cadre, to facilitate the program. The WYARNG is also working with the Wyoming Department of Education to ensure that the “STEM Experience” complements Wyoming’s state standards. To support this project, the WYARNG has asked for information to help determine the equipment to be included in the STEM trailer. Completing the WYARNG Wyoming STEM survey will assist the WYARNG in providing the best hands-on standards-based opportunities for students.

To complete the survey, go to the [WYARNG website](#), click on “RRB Custom Forms” (located in the lower left-hand corner), and then on “Wyoming STEM survey.” The survey will close on April 10, 2017.

For more information, contact Barb Marquer, Supervisor of Standards, at 307-777-5506 or barb.marquer@wyo.gov.
