**SUBJECT:** Title II Professional Development Needs Survey

---

# TITLE II STATE-LEVEL USES OF FUNDS SURVEY

The Wyoming Department of Education (WDE) has developed a needs assessment survey regarding professional development. It will help guide decision-making about which professional development activities will be coordinated and delivered by the WDE. This survey addresses a requirement in the Every Student Succeeds Act for data and ongoing consultation with stakeholders. This requirement allows for continual updates and will improve the activities supported with Title II funds.

Wyoming school personnel, parents, and community members are invited to participate in this survey to help determine what activities will be offered by the WDE to augment professional development initiatives with the goal of preparing, training, and recruiting high-quality teachers, principals, and other school leaders.

This survey will be open until February 28, 2018.
