Wyoming Graduates vs. Hathaway Applicants
by School District

Statutory Reference: 21-16-1308(c)(vi)

For the 2007/08 academic year, institutions executed either a standard application process for the Hathaway Scholarship, or they applied automatic screening of all students that were admitted. For this reason, and for purposes of this report, WDE defined an applicant as " a 2006 or 2007 Wyoming High School graduate, or a Wyoming Home Schooled or GED student, who was admitted to an eligible institution during the 2007-08 school year". Each institution provided a list of students that met this definition to comply with this reporting requirement.

In this report, the Hathaway applicants are a subset of all applicants and includes 2007 Wyoming High School graduates only.

An applicant is only counted once if the student "applied" to more than one institution.

Due to confidentiality, individual rates not provided if graduate count is less than 6. Counts will be provided to stakeholders upon request.

Retention Rates
by Institution and Scholarship Level

Statutory Reference: 21-16-1308(c)(i)

Retention Rate means the measure of the rate of continuous enrollment of a cohort of students from one semester to the next.

In this report, the fall enrollment counts include students who did not receive the scholarship but used the semester to regain eligibility.

The students are assigned to the college they were enrolled in during the fall semester. However, they did not necessarily enroll in the same institution in the spring.
