NEW: Prepare for Online Reports

The WDE will be releasing assessment data for confidential district review beginning in late June. In order to start the season off right, here are some helpful tips for accessing the data. (Note: *The data are not currently available.*)

These reports contain a great deal of sensitive student information. Please review your organization’s rules and guidelines for how to use and safeguard confidential information. If your team would like additional training, or just have questions on student privacy, contact Leslie Zimmerschied at leslie.zimmerschied@wyo.gov. Everyone needs to take the necessary steps to ensure student data is protected.

The reports will be posted to the [Assessment Confidential](#) module of the Data Reporting tab. To navigate to the reports, go to the Wyoming Education Fusion Portal homepage at <http://fusion.edu.wyoming.gov> and sign in. Click on the Data Reporting icon at the top of the screen. Then click on the Assessment Confidential link on the left. Assessment Confidential is a secured site and only authorized users will be able to access the reports. Authorized users are Superintendents, Business Managers, WISE Coordinators, Assessment Coordinators and approved users with the Assessment Confidential role.

Assigning users to the Assessment confidential role is a district decision and must be done by a local Fusion administrator. If you need to find a Fusion Administrator in your district, [follow this link](#). A short video with [instructions to reset Fusion passwords](#) is also available.

Again, data are not posted yet. Districts will be notified when the reports are posted via a Memorandum from the Superintendent. This information is being sent now to help prepare for the review window.

Don't Forget! Wyoming Educator Survey on Implementation of ELA/Math
Wyoming teachers (grades 3—8), elementary and middle school principals, and curriculum directors are invited to participate in a survey regarding implementation of the 2012 Wyoming Content and Performance Standards in English Language Arts and Mathematics. Survey results will be analyzed along with results from the 2015 PAWS to better understand how implementation of the standards varies across the state and how the variation in implementation affects student achievement.

All responses to the survey will be confidential. If you would like to be entered in a raffle to win prizes like an iPad Mini, lunch with Superintendent Balow, or an assortment of education-related books, then you can enter your contact information at the end of the survey.

The online survey is expected to take no more than 20 minutes to complete. It launched on April 16 and will be open through May 15. The link below will give you access to the survey.

If you have questions about the survey, please contact Deb Lindsey, director of State Assessment, at 307-777-8753 or deb.lindsey@wyo.gov. Thanks in advance for your participation.

NEW: Performance Levels on Measures of Academic Progress (MAP) and PAWS

Late in 2014, staff on the WDE data team analyzed spring 2014 MAP and PAWS data, completing an equipercentile linking to identify RIT score ranges that correspond to PAWS scale score ranges for Advanced, Proficient, Basic, and Below Basic. These can be used as guidance for districts interested in using MAP RIT scores to predict performance on the PAWS. With the elimination of the WDE 626 data collection, WDE will use the proficient cuts in reading (including 161 for kindergarten) to determine school by school attainment of the 85% goal established in statute (21-3-401). Tables are below. For reference, they have also been posted to the Assessment webpage, along with statewide means and standard deviations.

Table 1. Linking Results, MAP to PAWS, Mathematics

Grade	PAWS Scale Score Ranges				MAP RIT Ranges			
	Below Basic	Basic	Proficient	Advanced	Below Basic	Basic	Proficient	Advanced
1					<174	174-186	187-200	201+
2					<184	184-194	195-206	207+
3	375-549	550-598	599-659	660-850	<194	194-205	206-218	219+

ACCESS for ELLs 2.0 Transition News

Please refer to the WIDA website for a listing of updated webinars and resources. This information is located under the assessment tab. Click on the ACCESS for ELLs 2.0 drop-down menu and go to Preparation Resources.

Below are a few highlights:

May Preview:

- Live Webinar: ACCESS for ELLs 2.0 Technology Coordinator Session (May 1st at 2:00pm Central Time)
- Accommodations guidelines and supporting materials available for LEAs (end of May)

General Information:

1. The Kindergarten ACCESS for ELLs and Alternate ACCESS for ELLs are part of the new ACCESS for ELLs 2.0 system, but available only as a paper based test.
2. The new features of the online ACCESS for ELLs 2.0 simplify test administration and scoring.
 - A. *Online Speaking test can be administered to multiple students at the same time which reduces amount of time educators/ students are away from the classroom.*
 - B. *Centralized scoring for all four domains; no need to score student responses on site*
 - C. *For students who can keyboard responses, there is no need for any paper-based material*
3. WIDA is here to help throughout the ACCESS for ELLs 2.0 transition period with revised training, website resources, and Client Services Center support.

Call the Client Services Center at 866-276-7735 or email: help@wida.us.

Register for Writing Workshops Now!

Using Wyoming's writing prompts, the WDE Standards and Assessment teams will be offering four two-day professional development sessions to support standards-based instruction for writing. During these sessions, participants will systematically score and norm student papers in order to inform quality writing instruction.

Participants will first need to administer the selected Wyoming prompts (two per grade level) to students and bring writing samples to the norming session. Please find the writing prompts and directions at the link below:

<http://edu.wyoming.gov/educators/standards/language-arts/>

During the norming sessions, teachers will score and analyze student writing. Discussions will examine the strengths and shortcomings of student writing; it will outline teacher responses, concerns, and expectations.

When scoring is complete, the discussion will then turn to instructional intent. How do we nurture essential writing skills? What strategies might we use to combat poor writing habits? How do we use writing assessments to guide instruction? What opportunities need to be created and maintained across Wyoming to build upon an already strong baseline of writing performance?

Due to the collaborative nature of these sessions, participants are encouraged to attend in teams of two or more. Teams can then more easily work together to implement the norming model at the local level. For their attendance and participation at the two-day workshop, participants will receive 1 PTSB credit. Please see the attached agenda for more information.

Those who are interested in attending one of these two-day workshops will need to register using the link below. Registration closes on May 19th and will be capped at 50 participants per location on a first-come, first-served basis.

Assessment Literacy and Formative Assessment/Resource Development Training

The Wyoming Department of Education is providing five regional two-day professional development opportunities for teachers on assessment literacy and formative assessment resource development. The training will be presented by Jan Hoegh, Associate Vice President of Marzano Research.

Evanston: May 4 & 5 Roundhouse

Rawlins: May 6 & 7 Jeffrey Center

To register for the free workshop, please click here: <https://docs.google.com/a/wyo.gov/forms/d/1Fj2NdHe4ssvOFpADuajFqGCgkrj2OvYYh32YmqHSzvc/viewform>

IMPORTANT: Exemptions for High School : Due May 8

As a reminder: The WDE will be accepting exemption requests in the following three categories:

- ◆ Students who are expelled but still receiving services from the district
- ◆ Students who are served in out of state placements, and
- ◆ Students who are ELs who have been in US schools for less than a year (students must participate in the ACCESS in order to receive the exemption, and they are still required to participate in math and science (if applicable))

Attached to this newsletter is the updated WDE673 form. In order to ensure confidentiality of these sensitive materials, the ONLY method for submission of the WDE673 form and associated documentation is via the Wyoming Transcript Center. Faxes and mail are NOT acceptable methods of submission.

At least one person in each district has rights to upload files and/or documents to the Wyoming Transcript Center. In most districts, this person is the WISE Coordinator. Please check in your district to determine who has the appropriate rights.

To upload an exemption request for a student, first scan and save each request, including associated documentation, as a single .pdf file. Do not upload multiple pdfs for a single request. Use the following naming convention when saving and submitting a request: districtname_studentWISERID (e.g. Laramie 1_87654321.pdf). Then, log into the Transcript Center, and click on Send Documents. At the next screen, click on Upload, then Choose File, and Send to WDE Administration.

Please remember exemption requests for students in high school grades will only be accepted and processed through May 8! No late exemptions will be accepted.

If your WISE Coordinator does not see the Documents section of the Transcript Center after logging in, s/he will need to contact Elizabeth Foster, Data Collection Specialist at the WDE, who can adjust roles in the Transcript Center (Elizabeth.foster@wyo.gov)

Compass Testing Information

Compass testing is currently underway on the old platform. Use the link below to locate information about the Compass assessment. The login site and slides about the setup of the assessment can be found at the bottom of this page:

<http://edu.wyoming.gov/educators/assessment/act/>

COMPASS Testing Scores

In order to ensure that students meet their college application/class placement deadlines, please be sure that they have a printed copy of their scores before leaving your testing facility. Although the Department has accommodated summer score requests in the past, summer travel workshops and events may limit our ability to provide COMPASS results quickly.

Please contact the Assessment office with any questions or concerns, 307-777-2906

Normalization

Transforming test scores onto a score scale so as to produce a score distribution that approximates the symmetric, bell-shaped distribution, called a normal distribution. Normalization is a type of scaling.
