State Board of Education

2300 Capitol Avenue Cheyenne, Wyoming 82002-0050 (307) 777-6213 • (307) 777-6234 FAX

Expression of Interest to Serve on the Wyoming Education Accountability Professional Judgment Panel

The Wyoming Education Accountability Professional Judgment Panel was created in 2011 to assist the State Board of Education with its work on statewide education accountability. The panel has assisted in developing a school performance rating model, determining the ranking of schools, setting the levels for performance ratings, establishing growth targets, and advising the State Board on issues related to the accountability system. The panel will hold meetings as necessary in centralized locations within the state. Members on the panel can be reimbursed for costs associated with attending if your district or institution will not pay.

The Board is currently seeking to fill vacancies for a Public Middle School teacher, a person from a School District Central Office, a member of a Wyoming School District Board of Trustees, and persons from a Wyoming Postsecondary Institution. If interested please submit form to Chelsie Oaks at Chelsie Oaks @wyo.gov
