District Comments: We have Adpoted APEX Learning and would like the CORE Math Courses added: Introductory Algebra; Algebra I-A; Algebra I-B; Algebra I, Geometry: Algebra II; PreCalculus;Mathematics of Personal Finance; Integrated Math I & II.									
We had one student take the AP Calculus AB Test Spring 2011. We actually did not provide an AP Class but provided Tutoring in Calculus. Student was successful!									
For the 2011/2012 School Year we are providing the same tutoring with the student planning to take the AP Calculus BC test.									
For the 2012/2013 School Year we are considering offering MATH 920 and 930 via Dual Enrollment or possibly Concurrently through EWC.									
We are looking at advanced math classes, but not sure what and how to offer APEX AP Calculus and/or MATH 1400 through EWC?									
WDE Comments: "General Math" course does not meet the Hathaway Success Curriculum requirements.
