

FAQ WY-ALT SCALE SCORE PROFICIENCY-LEVEL RANGES

The 2019 WY-ALT results will be released to the public August 28, 2019. The results are based on new scale and performance-level cut scores determined by standard-setting panels in July 2019. The standard-setting process addressed the Wyoming Extended Content and Performance Standards for grades 3-10 in English Language Arts (ELA) and Mathematics and grades 4, 8, and 10 in Science.

HOW WERE THE CUT SCORES DETERMINED?

From July 16–18, 2019, AIR facilitated standard-setting workshops for grades 3-10 in English Language Arts (ELA) and Mathematics and for grades 4, 8, and 10 in Science. The 72-member panel was composed of Wyoming teachers, curriculum specialists, education administrators, and other stakeholders. The members were selected from large and small Wyoming school districts throughout the state, ensuring diverse perspectives throughout the standard-setting process.

The panelists used the Bookmark method, the most common procedure used throughout the country and for previous Wyoming assessments. Panelists were given a booklet of items ordered by level of difficulty. During the process, the panelists referenced the Wyoming Extended Content and Performance Standards, the Achievement-Level Descriptors (ALDs), and student performance data from the 2019 WY-ALT Summative Assessment. The panelists bookmarked items representative of minimum performance of Basic, Proficient, and Advanced performance levels. There were multiple rounds of review and resolution during the three-day workshop.

The cut scores are used to determine the four performance levels - Below Basic, Basic, Proficient, and Advanced.

WAS STUDENT INFORMATION FROM WYOMING STUDENTS USED TO SET CUT SCORES?

Yes. Panelists reviewed student performance data from the Spring 2019 WY-ALT Summative administration during each round of review in the bookmarking process.
