SUBJECT: Distance Education Survey

Information to Share

In order to assess the current levels of interest in Distance Education across the state, the Distance Education team has posted a survey to be completed by Wyoming school principals or the representative of their choosing. If you are interested in reviewing the survey, it is located at the following web address:

<http://www.zoomerang.com/survey.zgi?p=WEB226FTW5BJ6V>

This link will be distributed to all state principals via e-mail on Tuesday, May 15th 2007. Please encourage your principals to participate promptly. Information provided by the survey, along with information collected from prior surveys, will act as direction and guidance for additional contact with schools in your district.

If you have any questions or comments about this survey or any issues relating to Distance Education, feel free to contact me at any time.
