### INFORMATION TO SHARE

In efforts to better assist Wyoming school districts, a committee has put together a survey regarding Northwest Evaluation Association (NWEA) Measures of Academic Progress (MAP). The Wyoming Department of Education (WDE) would like to know which Wyoming school districts are using MAP data, how they are using it, and how the WDE can assist and support Wyoming school districts to utilize the data provided through this assessment.

Please take 5 minutes to complete the following survey regarding your district's utilization of the NWEA MAP assessment at the link below:

<http://www.zoomerang.com/Survey/WEB22AC88U9SAZ>

Please feel free to forward this link on to district personnel that have involvement with MAP testing and those you feel would have valuable input.

The survey will close on Friday April 16, 2010. Soon after the survey close date, the WDE will provide districts results of the survey and any action items that may occur.

Your participation and feedback is greatly appreciated.

If you have any questions about this survey, please contact Cassie Lallak at [clalla@educ.state.wy.us](mailto:clalla@educ.state.wy.us) or 307-777-5463.
