MEMORANDUM

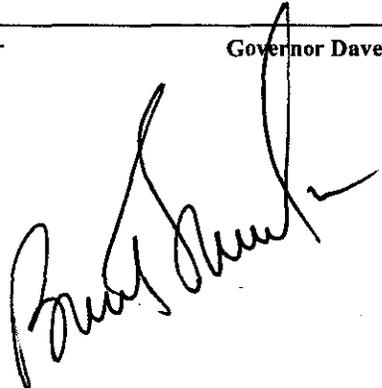

Date: October 14, 2010

To: Wyoming School Superintendents

From: Brent D. Sherard, M.D., M.P.H., F.A.C.P., Director and State Health Officer
Wyoming Department of Health

Subject: Childhood Vaccines: A Parent's Perspective Survey

Ref: S-2010-694

The Wyoming Department of Health (WDH) would like to withdraw the request to collect vaccination exemption information through a parent survey that was recently mailed to Wyoming school superintendents, school administrators, and school nurses.

The WDH appreciates the efforts being made to bring students into compliance with the new school immunization requirements and would like to keep the focus on that important issue.

At some point in the future the WDH would like to revisit the survey; however, we will consult with the school nurses to identify the most appropriate time to administer the survey to parents.

If you have any questions regarding the survey, please contact Jan Bloom, R.N., Section Chief, Immunization Section, at jan.bloom@health.wyo.gov or (307) 777-6001.

Thanks for all you do for our students.
