MEMORANDUM NO. 2010-193

TO: School District Superintendents
School District Principals

FROM: Amber Ash, Program Manager
21st Century Community Learning Centers
Health, Safety and Nutrition Division

DATE: October 29, 2010

SUBJECT: 21st Century Community Learning Centers (21 CCLC)
Grant Application

INFORMATION TO SHARE – PLEASE NOTE DEADLINES

The 21st Century Community Learning Centers Grant Application and Project Guidelines for 2011-2015 will be available November 1, 2010, on the Wyoming Department of Education's website at www.k12.wy.us.

Approximately \$172,000 will be available to support after-school programming Under the 21st Century Community Learning Centers (21 CCLC) federal grant program. The purpose of the 21 CCLC program is to establish or expand community learning centers that provide enrichment opportunities along with activities designed to complement the regular academic program of students during those times when school is not in session. Centers (which can be located in elementary or secondary schools or other similarly accessible community facilities) provide a range of high-quality services to support student learning and development, which may include tutoring and mentoring, homework help, academic enrichment, music, arts, sports, cultural activities and community service opportunities. At the same time, centers help parents by providing a safe environment for students during non-school hours or periods when school is not in session.

Any public or private organization is eligible to apply for a 21 CCLC grant. Examples of agencies and organizations eligible under the 21 CCLC program include, but are not limited to, public schools/school districts, charter schools, private schools, non-profit agencies, city or county government agencies, faith-based organizations (including religious private schools), institutions of higher education, and for-profit

corporations. The statute requires eligible organizations applying for funds to collaborate with the schools participating children attend.

Consistent with federal legislation, the Wyoming Department of Education must give priority to those applications that primarily serve students who attend schools that are eligible as Title I school-wide programs and/or 40% or more of the student population is eligible to receive free or reduced price lunch. Additionally, priority will be given to projects that will serve children in schools designated as in need of improvement and are submitted jointly by school districts receiving Title I funds and community-based organizations or public/private organizations. Please also note that the majority (51% or more) of schools to be served within an application must have a student population that has a free and reduced price lunch percentage at or above 25%, according to SY 2009/2010 data submitted and verified by the Wyoming Department of Education. Other priorities are outlined within the grant application and project guidelines.

Grant Competition Timeline

November 1, 2010	21st Century Community Learning Centers grant application announcement and distribution
