MEMORANDUM NO. 2012-009

TO: School District Superintendents
Carl D. Perkins Program Managers and Coordinators

FROM: Linda Scott, Perkins Educational Consultant
Support Systems and Resources Division

DATE: January 23, 2012

SUBJECT: Carl D. Perkins Local Performance Negotiations

IMPORTANT INFORMATION – PLEASE SHARE

PRES Associates has now opened the Perkins Local Negotiations data system. All school districts receiving Perkins funds must negotiate performance targets for the 2012-2013 school year. To access, login to the WyCTA home page, enter the WyCTA Database, and select the “Perkins Local Negotiations” link on the main menu.

Please note, as part of this process, schools that did not meet 90% of their negotiated target for any indicators during the 2010-2011 reporting year will need to complete an action plan. Within the local negotiations database, the following message will appear if the school failed to meet any 90% threshold for 2010-2011, along with a link to the sample action plan:

NOTICE: Not all 90% thresholds were met for last year.
An improvement plan will need to be sent to the state. [Download Sample Plan]

The deadline for completing the Perkins local performance negotiations and the Perkins action plans is on or before March 16, 2012.

If you have any questions, please contact Linda Scott by email at linda.scott1@wyo.gov or by phone at 307-777-5329.
