## MEMORANDUM NO. 2012-011

**TO:** School District Superintendents  
School Principals

**FROM:** Shannon Cranmore, Data Analyst  
Information Management Division

**DATE:** January 30, 2012

**SUBJECT:** 2012 Wyoming School District Profiles Survey

---

### IMPORTANT INFORMATION

School Principals and Lead Health Coordinators will be receiving a survey and information on the School Health Profiles (Profiles) no later than February 15, 2012. The data collected in these Profile surveys assist states, local education, and health agencies in monitoring and assessing characteristics of school health education, physical education, and school health policies related to HIV infections/AIDS, tobacco-use prevention, nutrition, and asthma management activities. Data from these surveys can be used to improve school health programs as well as encourage family and community involvement.

Two questionnaires are used to collect data, one for school principals and one for lead health education teachers. The profiles questionnaires were developed by the Division of Adolescent and School Health, National Center for Chronic Disease Prevention and Health Promotion, Centers for Disease Control Prevention in collaboration with representatives of state, local and territorial departments of health and education.

I would like to extend my gratitude to the school principals and lead health education teachers who took part in the 2010 survey, and once again encourage their support in this important endeavor. Please complete all surveys and return them in the provided postage paid envelope to the Department of Education no later than March 1, 2012.

If you have any questions, please feel free to contact me at [Shannon.cranmore@wyo.gov](mailto:Shannon.cranmore@wyo.gov) or 307-777-6245.
