What is the WDE713 data collection?

The WDE713 is a one-time collection to establish accessibility, equity, and quality of dual and concurrent enrollment at the University of Wyoming and community colleges for Wyoming public school students. The authority that allows the WDE to collect data for the WDE713 collection is: [W.S. § 21-20-201](#).

Why is the WDE713 a one-time collection?

The WDE713 is an interim data collection for the 2011-12 school year which will allow the WDE to collect necessary data not currently available through any of the current data collections. What is the purpose of the WDE713 data?

The data collected by the WDE713 is critical and essential to establishing statewide policy for accessibility, equity, and quality of dual and concurrent enrollment at the University of Wyoming and community colleges for Wyoming public school students in grades 9 thru 12. As prescribed in [W.S. § 21-20-201](#), all data from the WDE713 collection will be made available to the Wyoming Community College Commission who will then analyze and present the data to the Wyoming Legislature.
