MEMORANDUM NO. 2012-037

TO: School District Superintendents
Principals
Curriculum Directors

FROM: Dr. Jim Verley, Science Consultant
Laurie Hernandez, Math Consultant
Standards, Learning and Accountability Division

DATE: February 27, 2012

SUBJECT: Call for Math and Science Teachers, K-12

TIME SENSITIVE MATERIAL

The Wyoming Department of Education needs interested Wyoming teachers, K-12, to assist with the development of the PAWS Assessment, Science Standards Revision, and potential Professional Development delivery.

Two Zoomerang surveys are available: one for elementary teachers and one for secondary teachers. All teachers who have an interest in these opportunities are asked to take the appropriate survey. As needs arise, teachers will be contacted for collaboration on these important projects.

For Elementary Teachers:
