SUBJECT: MAY 2012 WDE652 – WISE SCHOOL DISTRICT STAFF MEMBER
COLLECTION SCHOOL YEAR 2011 - 2012

SUBMISSION AND CORRECTION INFORMATION

The Wyoming Department of Education (WDE) is announcing the May 2012 WDE652 – WISE School District Staff Member School Year data collection.

This memorandum will provide details on:

- The changes made to this school year's collection
- The scheduled Wyoming Equality Network (WEN) video training
- The firm data correction timeline for this data collection.

Information on the WDE652 Collection

What is the WDE652 data collection?

The WDE652 is a full-year comprehensive reporting of employment details as they actually occurred throughout the entire school year. This year-end data is required to ensure accurate calculation of FTE values for the school year. These accurate FTE values are then rolled forward as prior experience for use in conjunction with the next fall's, October 1st, WDE602 employment data in the Wyoming Funding Model. Accurate calculation of FTE based on actual, full-year employment detail is important because it reduces errors in funding and decreases audit findings.

How is this Year's WDE652 Collection Different from the fall WDE602?

We have eliminated the Extra Salary Reason codes *MY – Mid-Year Salary Schedule Step Increase*, and *AS – Additional Pay for Individual Who No Longer Fits on the Salary Schedule*. We have added the Extra Salary Reason codes *GC – Moving Stipend*, and *SW – Sabbatical Pay*.

We have changed business rule R4934 from a warning to a fatal error. This means that districts must include an education record for all teachers, tutors, instructional facilitators, and principals, excluding native language teachers, and some vocational assignments that PTSB issues PICs for.

When is the Collection Window?

The data collection window is from May 14, 2012, through June 29, 2012. The spring 2012 WDE652 data collection is due on or before June 29, 2012, by 5:00 P.M. The collection will be submitted through the State Report Manager (SRM) on the WISE data system. It is recommended that districts attempt to submit their data no later than June 22nd to give them time to correct any errors that may occur in the SRM.

Where are the Collection Documents Posted?

All collection documents are available on the WISE website. They are also available through the Data Collection Suite at: <http://edu.wyoming.gov/DataInformationAndReporting/DataCollectionSuite.aspx>. School districts will be contacted via e-mail once the guidebook has been posted to the WISE website. A copy of the training slides will be sent out to all WDE652 contacts the week prior to the training.

When to Sign Up?

If you are interested in joining this training, please contact your local high school or community college and ask their local WEN Video scheduler to sign up your site.

Information on the WDE652 Data Correction Timeline

What is the Data Correction Timeline?

After the data is submitted, the WDE652 steward will contact districts if there are errors to be corrected. Districts will be asked to correct errors within a two week time period. No changes will be accepted or made to the WDE602 data after July 31, 2012.

Please note, only the district WDE652 contact can make corrections to the finalized fall 2012 WDE652 data.

Why Do We Need a Data Correction Deadline?

Corrections to the fall 2012 WDE652 data are restricted to a firm timeline in order to meet the deadlines of the various reporting purposes. The WDE652 data are used to populate the Wyoming funding model. It is imperative these data are accurate and submitted on time so the WDE can meet its reporting requirements.
