MEMORANDUM NO. 2012-082

TO: School District Superintendents
School Principals
Local School Board Chairmen

FROM: Cindy Hill

DATE: May 14, 2012

SUBJECT: Curriculum Inquiries

INFORMATION TO SHARE

Many Wyoming citizens have come to me during my time in office with questions and concerns about course material being taught in our schools. Much of the concern is regarding the teaching of the United States Constitution. I direct these constituents to discuss their concerns with their local school board, local district superintendent, and school principal. Often these involved citizens are referred back to my office with their concerns. These citizens have offered to provide both personal and financial assistance to support instruction on the United States Constitution.

I support their efforts and concerns but since I have no authority in local district curriculum decisions, I refer them to the local school board and district superintendent. I think it is important that I share this information with you. Thank you.
