MEMORANDUM NO. 2012-083

TO: School District Superintendents
Curriculum Directors
K-12 School Principals

FROM: Julie Magee, Standards Supervisor
Standards, Learning and Accountability Division

DATE: May 14, 2012

SUBJECT: Common Core State Standards Implementation Status Survey

IMPORTANT: TIME SENSITIVE

Pursuant to W.S. § 21-2-304(a)(iii), the Wyoming State Board of Education must prescribe uniform student content and performance standards for the common core of knowledge specified by W.S. § 21-9-101(b)(i). The Wyoming Content and Performance Standards must be reviewed every five (5) years per W.S. § 21-2-304(c).

On April 27, 2012, the State Board of Education voted in favor of adopting the revised standards for health, mathematics, and language arts. The revised standards include the Common Core State Standards (CCSS) in mathematics and language arts.

The Wyoming Department of Education would like to assess how many districts have already begun implementation of the CCSS. This will help the Department provide relevant professional development opportunities to assist districts with implementing the new standards.

Please complete the following survey about your district's level of implementation of the CCSS to date. Please complete this survey by **Monday, June 4, 2012**.
