### IMPORTANT INFORMATION

#### Background

Each year, the Wyoming Department of Education (WDE) releases a Questionable Experience Report to districts. The report contains school year 2012-13 comparisons between district-reported WDE602 – WISE School District Staff Member Collection (WDE602) experience data and WDE expected experience data. Differences between district-reported experience and WDE expected experience are displayed by Wyoming Funding Model categories (teachers, aides, principals, etc.). School year 2012-13 experience data will be used in fiscal year 2013-14 funding determinations.

#### How to Access the Report

The school year 2011-12 Questionable Experience Report is available on the Wyoming Education Fusion website via the following link: <https://fusion.edu.wyoming.gov/Directory/Web/Pages/WDE602/WDE602QuestionableExperience.aspx>. District business managers and WDE602 contacts have access to view this report. If you have problems accessing the report, please contact your district's Fusion administrator or Susan Williams at [susan.williams@wyo.gov](mailto:susan.williams@wyo.gov) or 307-777-6252.

#### Reviewing the Report

As previously mentioned, education and experience data has an impact on future district funding. Please review your district's report and make any necessary adjustments to WDE602 reported data via the State Report Manager (SRM) by December 21, 2012. For content or submission questions concerning
