MOLD CONTROL TRAINING

The Environmental Protection Agency (EPA) is offering a webinar entitled *Mold Control is Moisture Control: Beyond the Basics for Addressing Mold Issues in Schools* on Tuesday, November 19, 2013.

This training is offered at no cost to personnel in schools and districts. It will cover a number of areas including:

1. Methods to effectively manage a mold remediation process. Examples will be covered.
2. How to avert a potential media crisis and effectively communicate to the local community regarding how mold is being handled.
3. A case study from Texas regarding a district that struggled with mold problems and how it overcame them.

To register, please visit <https://www1.gotomeeting.com/register/844211865> or call Christopher Frye at the EPA, Region VIII at 303-312-6223.
