Deborah S. Delisle, Assistant Secretary
United States Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

Dear Ms. Delisle:

I am writing on behalf of all local educational agencies (LEAs) in Wyoming to request a waiver of the Title I, Part A regulatory provision that prohibits a State from approving as providers of supplemental educational services (SES) schools identified for improvement, corrective action, or restructuring and local educational agencies (LEAs) identified for improvement or corrective action (34 C.F.R. § 200.47(b)(1)(iv)(A), (B)).

Under current law, Wyoming may approve as an SES provider only an entity that has a demonstrated record of effectiveness in increasing student academic achievement. The 2014-2015 school year was the first year that Wyoming was required to achieve 100% proficiency and a one-year waiver to 34 C.F.R. § 200.47(b)(1)(iv)(A) and (B) was granted. Wyoming will continue to see a significant surge in the number of schools and districts identified for improvement. Wyoming believes that many identified schools and LEAs would be able to continue or establish that they have an effective program that can help improve the academic achievement of students and should not be automatically prevented from gaining approval simply because of their improvement status due to 100% of their students not meeting proficiency.

Wyoming has set the following annual measurable objectives (AMOs) in reading and mathematics, as identified in our State Accountability Workbook.

State Intermediate Achievement Goals, 2005-2015

Goals for Percentage of Students Scoring Proficient and Advanced in Reading/Math

2016	100.00%	100.00%	100.00%	100.00%	100.00%	100.00%

Wyoming will determine AYP based on assessments administered during the 2014–2015 school year in accordance with the requirements of section 1111(b)(2) of the Elementary and Secondary Education Act (ESEA). Wyoming believes that, ultimately, allowing identified schools or LEAs to serve as SES providers will provide more students access to quality supplemental services and help students within Wyoming to reach the State’s proficiency objectives.

If Wyoming is granted the requested waiver, the Wyoming Department of Education will ensure that only those LEAs and schools that meet the State’s requirements for SES providers are approved to be on the State’s list of approved SES providers for the 2015–2016 school year. Our plan is to continue using an expedited application process for Wyoming schools and districts, as they are able to document compliance with many of the regulations in the current SES application due to their status as a Wyoming public school or district, such as the following:

- Be financially sound.
- Provide instruction that is secular, neutral, and non-ideological.
- Meet all applicable federal, state, and local health, safety, and civil rights laws.

Prior to submitting this waiver request, Wyoming provided all LEAs in the State with notice and a reasonable opportunity to comment on this request. Wyoming provided such notice by sending email correspondence to each LEA representative on July 27, 2015 (see copy of notice attached), releasing a memo to all LEAs, and posting the notice on the department's website. Copies of all comments that the Wyoming Department of Education received from LEAs in response to the notice are attached. Wyoming has also provided notice and information regarding this waiver request to the public in the manner in which the Wyoming Department of Education customarily provides such notice and information to the public.

Wyoming hereby assures that, if it is granted the requested waiver, it will submit to the U.S. Department of Education, by September 30, 2016, a report that provides the total number of LEAs identified for improvement or corrective action that were approved to be an SES provider for the 2015–2016 school year and the total number of schools identified for improvement, corrective action, or restructuring that were approved to be an SES provider for the 2015–2016 school year.

Please feel free to contact me by phone or email at scott.bullock1@wyo.gov or 307-777-6260 if you have any questions regarding this request. Thank you for your consideration.

Sincerely,

Scott Bullock, Title I School Improvement Consultant
