MEMORANDUM NO. 2017-028

TO: School District Superintendents
School District Business Managers
Principals
WISE Coordinators

FROM: Dianne Bailey, Chief Operations Officer

DATE: March 13, 2017

SUBJECT: Changes to the WDE636 - Student Disciplinary Actions and Crime and Violence Incidents Data Collection

CHANGES TO THE WDE636 DATA COLLECTION

The United States Department of Education (USED) has released guidance and changes to data collection requirements under the new Elementary and Secondary Education Act (ESEA). This includes the new WDE636 data collection. These changes allow the Wyoming Department of Education (WDE) to eliminate two of the sections within this collection.

The first elimination is on the Incidents Tab. Section #1: Incidents has been eliminated. The second elimination is on the GFSA Tab. Section #3: Firearm Incidents has also been eliminated.

The data collection form for the WDE636 has been updated to reflect these changes, and the new document can be found in the Data Collection Suite [here](#). Attached are the eliminated sections and data elements for your reference.

The WDE will continue to monitor guidance that the USED issues in regards to changes with data collection and reporting under ESEA. The WDE will ensure data no longer required is eliminated from data collections, and that new collection requirements are added with proper notification to the school districts.

*For questions about the WDE636 data collection, contact Shannon Cranmore, ED Facts Coordinator/
Data Analyst, at 307-777-6245 or shannon.cranmore@wyo.gov.*
