SUBJECT: Computer Science Costs District Survey

COMPUTER SCIENCE COSTS DISTRICT SURVEY

The 2018 Senate File 29/Senate Enrolled Act 48 requires the Wyoming Department of Education (WDE) to conduct a thorough analysis of all changes and costs necessary to implement computer science into Wyoming schools. To begin this analysis, the WDE is requesting that all Wyoming school districts complete an initial survey to help gather basic information around computer science education. The responses will also be discussed during the WDE computer science district visits in the upcoming months.

Districts are asked to complete the [survey](#) by April 20.

For more information about computer science, visit the [Boot Up Wyoming 2022 webpage](#).
