# TRANSPORTATION PRACTICES AND EFFICIENCIES DISTRICT SURVEY

As a result of the 2018 Legislative Session, both Senate Enrolled Act 55 and House Enrolled Act 68 direct the Wyoming Department of Education (WDE) to conduct a study to identify possible fiscal efficiencies to transportation and make recommendations for implementation of these changes through statute or rule. To begin the study, the WDE is requesting all school districts complete an initial survey to help gather information around current transportation practices throughout the state and suggested efficiencies. The information from the survey will be discussed during Pupil Transportation Advisory Committee (PTAC) meetings following the close of the survey.

The [online survey](#) needs to be completed by April 23.
