SUBJECT: Innovations Showcase

INNOVATIONS SHOWCASE ADDED TO CONFERENCE

The [Wyoming Innovations in Learning Conference](#) is hosting an Innovations Showcase from 5-7 p.m. on November 7 in Evanston. The Innovations Showcase is an opportunity for educators and students to share the innovations and technologies that are being utilized across the state of Wyoming. The Showcase is designed to be an informal get-together to learn about successful digital learning experiences.

Some examples might include:

- Using coding in the classroom.
- Utilizing CTE programs to create interest and innovation through project based learning.
- Transforming learning through the use of digital tools and analysis of data.
- Engaging students through experiential learning, challenge based learning, etc.
- Demonstrating how districts have been using Professional Learning to help build upon problems of practice.
- Adopting design thinking in the classroom.
- Practicing innovation in an era of social and digital media to address effective communication within districts.

- Developing enrichments and interventions.
- Mentoring and how it enriches students lives.

Districts interested in showcasing their educators and students should complete this [form](#) by October 31, 2018.

The Innovations Showcase is presented by Canvas and is included in the registration fee for the Wyoming Innovations in Learning conference.
