VIRTUAL 307 WEBSITE LAUNCH

The Wyoming Department of Education is proud to announce the launch of Virtual307.com, which will coincide with Digital Learning Day on February 28, 2019. Virtual 307 is the K-12 virtual education programming provided by Wyoming school districts. The website provides a searchable database of all virtual education classes offered in Wyoming. Interactive features facilitate communication between districts about gauging student interest in classes, pre-registering for a course, and using a survey tool to identify class needs.

To find out more about all the site has to offer, visit Virtual307.com, and consider distributing [this flyer](#) to staff and families.
