CONFIDENTIAL GRADUATION DATA TO BE RELEASED JANUARY 7

Approved corrections to student-level graduate information will be completed the morning of Tuesday, January 7, 2020 and the student-level report will be updated to reflect all changes. The confidential aggregated report will also be released. Please do not share district aggregated graduation rates with the public, or at school board meetings until the January 21 public release. All data are final, as December 13 was the last day to submit requests for corrections.

To access the reports, go to edu.wyoming.gov/data/. Expand the Data Reports header on the left side of the page. Click on the District Data Reports link. Use WyEd login credentials to access the confidential portal. Under the Accountability Confidential tab is the Graduation Results Student Level and the Graduation Rate Results Aggregated reports. The aggregated report will show the district rate on the first page followed by the high school rates.

Superintendents must [sign off on their data](#) no later than January 15.
