MEMORANDUM NO. 2021-045

TO: School District Superintendents
District Grant Managers
Curriculum Directors
Instructional Facilitators
Building Principals

FROM: Shelley Hamel, Chief Academic Officer

DATE: April 12, 2021

SUBJECT: Deadline Extended: Comprehensive Literacy State Development Grant
Wyoming Believing in Literacy Together District Grant Opportunity

DEADLINE EXTENDED: WYOMING BELIEVING IN LITERACY TOGETHER DISTRICT GRANT OPPORTUNITY

The Wyoming Department of Education (WDE) has extended the deadline to accept applications from Wyoming's 48 school districts for the Wyoming Believing in Literacy Together (WY BILT) District Grant Opportunity. The original deadline to submit an application was April 15, 2021. Applications will be accepted through May 3, 2021. Grant awards will be announced no later than May 31, 2021. Application information can be accessed [here](#).

WY BILT initiative funded grants are intended to improve literacy outcomes for Wyoming students and close opportunity and achievement gaps for historically underserved student groups, including economically disadvantaged students, American Indian/Alaska Native students, Black students, English learners, and students with disabilities. Districts with disproportionate percentages of students who read below grade level are encouraged to apply.

The aims of WY BILT include: Increasing the percentages of educators with the knowledge and skills necessary to implement evidence-based literacy practices; having children entering kindergarten ready to read; having students reading proficiently by the end of grades 3 and 5; having graduates

with the literacy skills necessary for college and careers; and ensuring families have access to literacy programs.

The WDE anticipates that about 16 high-need districts will receive awards funded through the Comprehensive Literacy State Development five-year federal grant totalling \$43.3 million. Districts receiving subgrants will be determined through an application process, but districts in Wyoming's 25 federally identified Opportunity Zones will be prioritized. Funding for early childhood centers as a partner with the local school district is required under this grant.
