

MEMORANDUM NO. 2021-126

TO: School District Superintendents

FROM: Trent Carroll, Chief Operations Officer

DATE: November 1, 2021

SUBJECT: Public Comment for Updates to Chapter 44 - Special Education Component within the Education Resource Block Grant Model

CHAPTER 44 PUBLIC COMMENT

Chapter 44 rules govern the Special Education Component of the Education Resource Block Grant funding model. Updates are necessary to outline allowable expenditures for students with disabilities that are reported in the WDE401 Special Education Reimbursement Data Collection. Allowable expenditures are limited to actual costs, are specific to providing education to students with disabilities, are required by law and are correlated to a child’s Individual Education Program (IEP). The updated rules will be open for public comment from October 25–December 9, 2021.

Go [here](#) to submit public comment, and to review the Statement of Reasons and the rule changes.
