FROM: Wanda Maloney, Chief Policy Officer

DATE: May 2, 2022

SUBJECT: Teacher and Student Social and Mental Well-Being Survey

SOCIAL AND MENTAL WELL-BEING SURVEY

The Wyoming Department of Education (WDE) is seeking input on the activities and funding sources for the work districts do to support the social and mental well-being of both students and teachers. The WDE believes collecting stakeholder input is an important step to ensuring the resources and framework being developed align with the needs of districts and their educators. Since this is a very busy time of year, the Teacher and Student Social and Mental Well-Being survey is brief but will still provide the WDE and our advisory teams with a wealth of information.

Survey participation is greatly appreciated and will be available until May 13, 2022. The survey can be accessed [here](#).
