Proposals must be submitted through the Administration & Information Procurement Office through Public Purchase by 2 p.m. on June 6, 2022.

The purpose of the demonstration project is to accomplish the following: Prepare high school students for postsecondary options, including two- and four-year colleges, apprenticeships, military and formal employment training; Connect academic and technical curriculum grounded in both academic and industry standards; Provide innovation strategies for ensuring student access to career choices, as well as opportunities for work-based learning and related postsecondary dual enrollment courses; and Support Wyoming's workforce based on Comprehensive Local Needs Assessment recognition of high-skill, high-need and in-demand.
