## **STATE SUPERINTENDENT RELEASES REPORT ON GENERAL STATUS OF SCHOOLS**

**CHEYENNE** - Wednesday the State Superintendent of Public Instruction, Cindy Hill, released her Report on the General Status of Schools for 2014.

“I encourage everyone concerned with Wyoming education to read this report,” Hill said. “Since the legislature is examining educational governance this year, I spent much time discussing that topic in this report. I call upon the legislature to pay heed to its own role in educational governance. I believe legislators will find this report instructive.”
