PRESS Release

Local Teacher of the Year, Sunny Fleck, Receives Accolades

Converse County School District #2 teacher, Sunny Fleck, received the district Teacher of the Year award for 2015, according to Superintendent of Public Instruction Cindy Hill. Fleck, a teacher for 12 years, serves as teacher at Grant Elementary School.

“My greatest contribution to education is that I see education as both an art and a science,” says Fleck. “Through data and research I continually strive to improve. My strength is the art of teaching--engaging students, managing pace and transitions and developing creative methods to reach students. The rewards of my profession go straight back to the students. In each and every student I find inspiration. Though there are many challenges in education and the stakes are high, the rewards of seeing children grow, learn and accomplish are worth it.”

Fleck, who will receive a crystal apple award from the Wyoming Department of Education, says, “I will do all in my power to insure that every student reaches mastery in order to build a strong foundation of learning that provides them with the tools necessary to chase their own dreams and goals in life.”
