If the superintendent or principal for a school is not able to attend, please send someone to represent your school. Your attendance is important and will contribute to a more thorough process as we move forward with the implementation of the Statewide System of Support (SSoS).

We will hold a second conference within the next two months as a continuance of information on the SSoS implementation. Both conferences will be filmed and available on line for viewing by others in your districts and schools.

The confidential release of School Performance Rating (SPR) data is scheduled for October 15th. We will be presenting information on the new reports in Fusion and will distribute hard copies of reports to those registered for the conference. The confidential data will also be available electronically through Fusion so we encourage participants to bring laptops or tablets.
