Awarded and Enrolled Students

Count and Percent of awarded students subsequently enrolling in the Hathaway Scholarship Program (HSP) during the 06/07 Academic Year

Statutory Reference: 21-16-1308(c)(vi)

Rule Reference: Ch. 38 21 (e) (i)

Remarks: For reporting purposes, an Awarded Students is defined as a student that qualified for a Hathaway Scholarship. Awarded Students include students who may not have received Hathaway scholarship funds pursuant to Section 15 (a) of Chapter 38, Emergency Hathaway Rules. A student enrolling in more than one institution during the year is only counted once and is assigned to the first institution he/she enrolled in. Most institutions provided records for enrolled students only, which explains the 100% Enrolled/Awarded rates. Numbers in parenthesis represent the institution's calculations and indicates pending reconciliation with WDE.

Students Failing to Meet Continued Eligibility Requirements

Supplemental Report: Number and percent of students that lost eligibility during 06/07 sorted by reason.

The pages ahead breaks these numbers down further into categories provided by statute. Any student that was granted an exception for cause (a valid reason for not being able to meet requirements for continuous eligibility) is not excluded from the "lost eligibility" statistics since WDE has not requested such information from the institutions for this first year of the program. Numbers in parenthesis represent the institution's calculations and indicates pending reconciliation with WDE.
