NCLB. Section 2141(c) – *“After the third year of the plan described in section 1119(a) [Highly Qualified Teacher Plan], if the State educational agency determines, based on the reports described in 1119(b)(1), that the local educational agency has failed to make progress toward meeting the annual measurable objectives described in section 1119(a)(2) [all teachers highly qualified by the end of the 2005-2006 year], and has failed to make adequate yearly progress as described under section 1111(b)(2)(B), for three consecutive years, the State educational agency shall enter into an agreement with such local educational agency on the use of that agency’s funds under this part.”*

Steps the WDE will take towards meeting the 2141(c) Requirement:

1. Data will be analyzed prior to each grant year to determine whether or not districts will be required to enter into an agreement with the Wyoming Department of Education (WDE) to meet the 2141(c) requirement.
2. The district Superintendent or Designee will be notified formally by the Title II-A Program Manager via email with a letter attachment.
3. The WDE will review and approve all documentation submitted by the LEA.
4. The WDE will continue to assist and monitor the LEA to ensure progress is being made towards the 2141(c) Requirement.

The district must submit the following documentation to the WDE:
