District Comments: Spanish I and II in a Plato version were added to Horizon High School this year. These options were added since our previous classroom teacher was moved to Dean of Students and no other teacher had certification to teach foreign language. He oversees the course and helps with the speaking aspect but Plato was our only option to give HHS students the availability for courses to qualify for the Hathaway scholarships. This course was reviewed in relation to our regular foreign language courses and state standards for alignment. Since this is allowed at HHS, we also decided to offer it at EHS.
