District Comments: lards Math was a Course we used as a computer based curriculum (NOVA NET) which we no longer subscribe to. We are now using a different computer based curriculum know as Odyssey

Under Odyssey Ware it would be a specific course such as Algebra I, II or Geometry

Freshmen will be given a placement test to determine whether they should be placed in Pre-Algebra or Algebra I.

Calculus offered this past year and probably the 2010-2011 school year as our stand alone class not Dual Enrollment!

WDE Comments: Pre-Algebra was requested by Dan Brown on Friday Setember 9th. I checked with both Sally Sanders and Bill Herrera about the rigor of Pre-Algebra.

There is noting in the law that prohibits a distrct to submit a lower-level math class as an additional math. Sean Moore 9/11/2008
