District Comments

Content taught in Applied Math 1 and Applied Math 2, both year long courses, covers the same standards/content as Algebra I. If students take both year long classes they meet Algebra I standards.

SCED codes: 02151G0.5012, 02152G0.5022 and 02152G0.5012 & 02152G0.5022 I have also attached a flow chart showing these courses "replacing" Algebra 1

Additional Math courses will be offered to "replace" Applied Math 1, 2, & 3. When final decision is made, we will request a change to our HSC. --tat
Consumer Math and Algebra .5 are the additional math courses referenced. Algebra .5 is basically a pre-algebra for students not quite ready for Algebra 1. On the other end we would like to offer Consumer Math to students who have taken Algebra 1, 2, and Geometry and need a fourth math for Hathaway requirements but are not ready for the higher level courses such as Pre-Calculus and Trigonometry.

District Comment:
District has decided to offer both semesters of "Freshman" English through Central Wyoming College. 1010 was formerly a year long course, has been aligned to the college semester program and we added the second semester offering of ENGL 1020
