District Comments:

Meeteetse High School offers a Geography class that is open to all grades that addresses basic themes of Geography through a focused survey of "Geo-Political" hotspots such as the Middle East peace process, genocide in Rowanda, starvation and conflict in Darfir and a myriad of others. Though the class will be in geo-political context the class will have a strong geographical focus. Students will examine how physical geography, resources, climate, people, and culture, influence the regional and global issues.

Meeteetse High Schools offers a Sociology class that is open to all grades (9-12) that is designed to give the students an understanding of the geographical, political, and economic factors that influence social interaction. It also is designed to increase sensitivity and appreciation for cultural differences as well as improve comprehension of the function and nature of social interaciton and organization.
 Sociology is also offered through Northwest College as SOC-1000

US History is also offered through Northwest College as HIST 1210- United States History I

US/WY Government is also offered through Northwest College as POLS 1000- American and Wyoming Government
