

Biodiversity & Geo-Inquiry Professional Development Casper College June 24-25, 2019

Join us for a **free** two-day training, funded by the Wyoming Geographic Alliance, as part of the National Geographic Initiative on Geo-Inquiry

- Explore the **Geo-Inquiry Process** to engage students in having a voice in global and local situations.
- **Audubon Rockies and Wyoming Game and Fish biodiversity** lessons
- **Wyoming floor map**, watersheds and physical features
- Digital **Wyoming Student Atlas** lessons on **Indigenous tribes**, the railroad and population growth, energy resources, natural hazards, and why Wyoming is so windy.
- **Migration** and Yellowstone National Park ecosystem
- Explore **National Geographic Giant Maps** of Wyoming and North America.
- Information on becoming a **National Geographic Certified Educator**.
- **Free teaching resources** that actively engage students and align with standards.
- Place based education strategies that align with **STEAM** requirements for social studies, science, library tech, media specialists, and technology educators.
- **Free WY PTSB credit and optional one UW outreach credit** (UW \$50 fee).
- **Lodging (double occupancy) provided** by Wyoming Geographic Alliance.
- **Free lunch and snacks** provided each day.
- **\$50 scholarships available to support mileage reimbursement.**
- Limited to 30 participants.
- Bring your own laptop.
- REO Speedwagon is performing at the Casper Event Center June 26
