WYOMING
DEPARTMENT OF EDUCATION

9 Year Plan for Wyoming State Content Standards (WYCPS) Review

Approved by the State Board of Education (SBE) on July 27, 2015 (revised for Extended Standards and approved on March 17, 2016)

Computer Science was added in 2018 per SEA48 (timeline updated 11/6/18 and presented to SBE on January 17, 2019)

Timeline for WYCPS Review (calendar years)

2015-2016	2017-2018	2018-2019	2019-2020	2021-2022	2023-2024	2025-2026
Science	*Science Extended	[1]Computer Science	*Math Extended	English Language Arts (ELA)	*ELA Extended	Science
	Mathematics		Fine & Performing Arts	Foreign Language	Social Studies	
	[2]Social Studies (with additions)		Health		Career & Vocational Education	
			Physical Education			

*Extended Standards are for Students with the Most Significant Cognitive Disabilities – These students take the WY-ALT assessment.

---

[1] In 2018, HEA48 was enacted which require the addition of Computer Science Standards by January 1, 2022, to be effective beginning with the 2022-23 school year.

[2] In 2017, additions were added to the 2014 Social Studies Standards to add Indian Education for All per HEA119 to "evaluate and review existing state social studies content and performance standards to ensure the cultural heritage, history and contemporary contributions of American Indians are addressed…" **please note:** The 2018 SS Standards have merged the two documents together with the new 2018 language in blue text.
