

Teaching about Contested International Issues

June 17-18, 2019 | 8:30 am-3:00 pm | Casper, WY

Our workshops are completely interactive, so be ready to be engaged and inspired!

Participants will be immersed in the Choices Program's units *The Middle East: Questions for U.S. Policy* and *Nigeria: History, Identity, and Change*. Both units are provided. Participants will discuss ways to adapt these units to specific classroom goals.

QFI will present its teaching materials on the history and culture of the Arab World.

Participants will also hear from the Wyoming Geographic Alliance on local resources and opportunities and network with exemplary colleagues in social studies education from across the area.

Cost

\$20 per person. Price includes two curriculum units, lunch, 12-hour certificate of attendance, and all workshop materials. Thanks to the generosity of QFI, the Choices Program is able to offer this program at a reduced cost.

Who Should Attend

History, geography, government, current issues, AP, IB, civics and other social studies educators are the main audience for this workshop. Materials are appropriate for grades 7-12. Humanities teachers often use our materials and are encouraged to attend.

Co-sponsored by the Wyoming Geographic Alliance and the Qatar Foundation International (QFI).

Travel scholarships are available for those coming from outside of the area and needing accommodations. Please email Craig Cangemi at CCANGEMI@QFI.ORG for more information.
